Peptides & Longevity

Peptides are short chains of amino acids, which are the *building blocks of proteins* in your body. Think of peptides as messengers.

Peptides play a supportive role in *longevity-focused care* by helping the body communicate more efficiently at a cellular level. As we age, natural peptide production and signaling can decline, which may impact *recovery, metabolism, skin health, sleep, and overall resilience.*

<u>Is peptide therapy right for you?</u>

Peptides may be a great option if you're looking to:

- Feel better overall
- Support recovery & energy
- Optimize wellness from the inside out

Our goal is to help you age well, stay active, and feel your best at every stage of life — not just today, but long term.

Helios©

Fat Loss • Recomposition (Men)

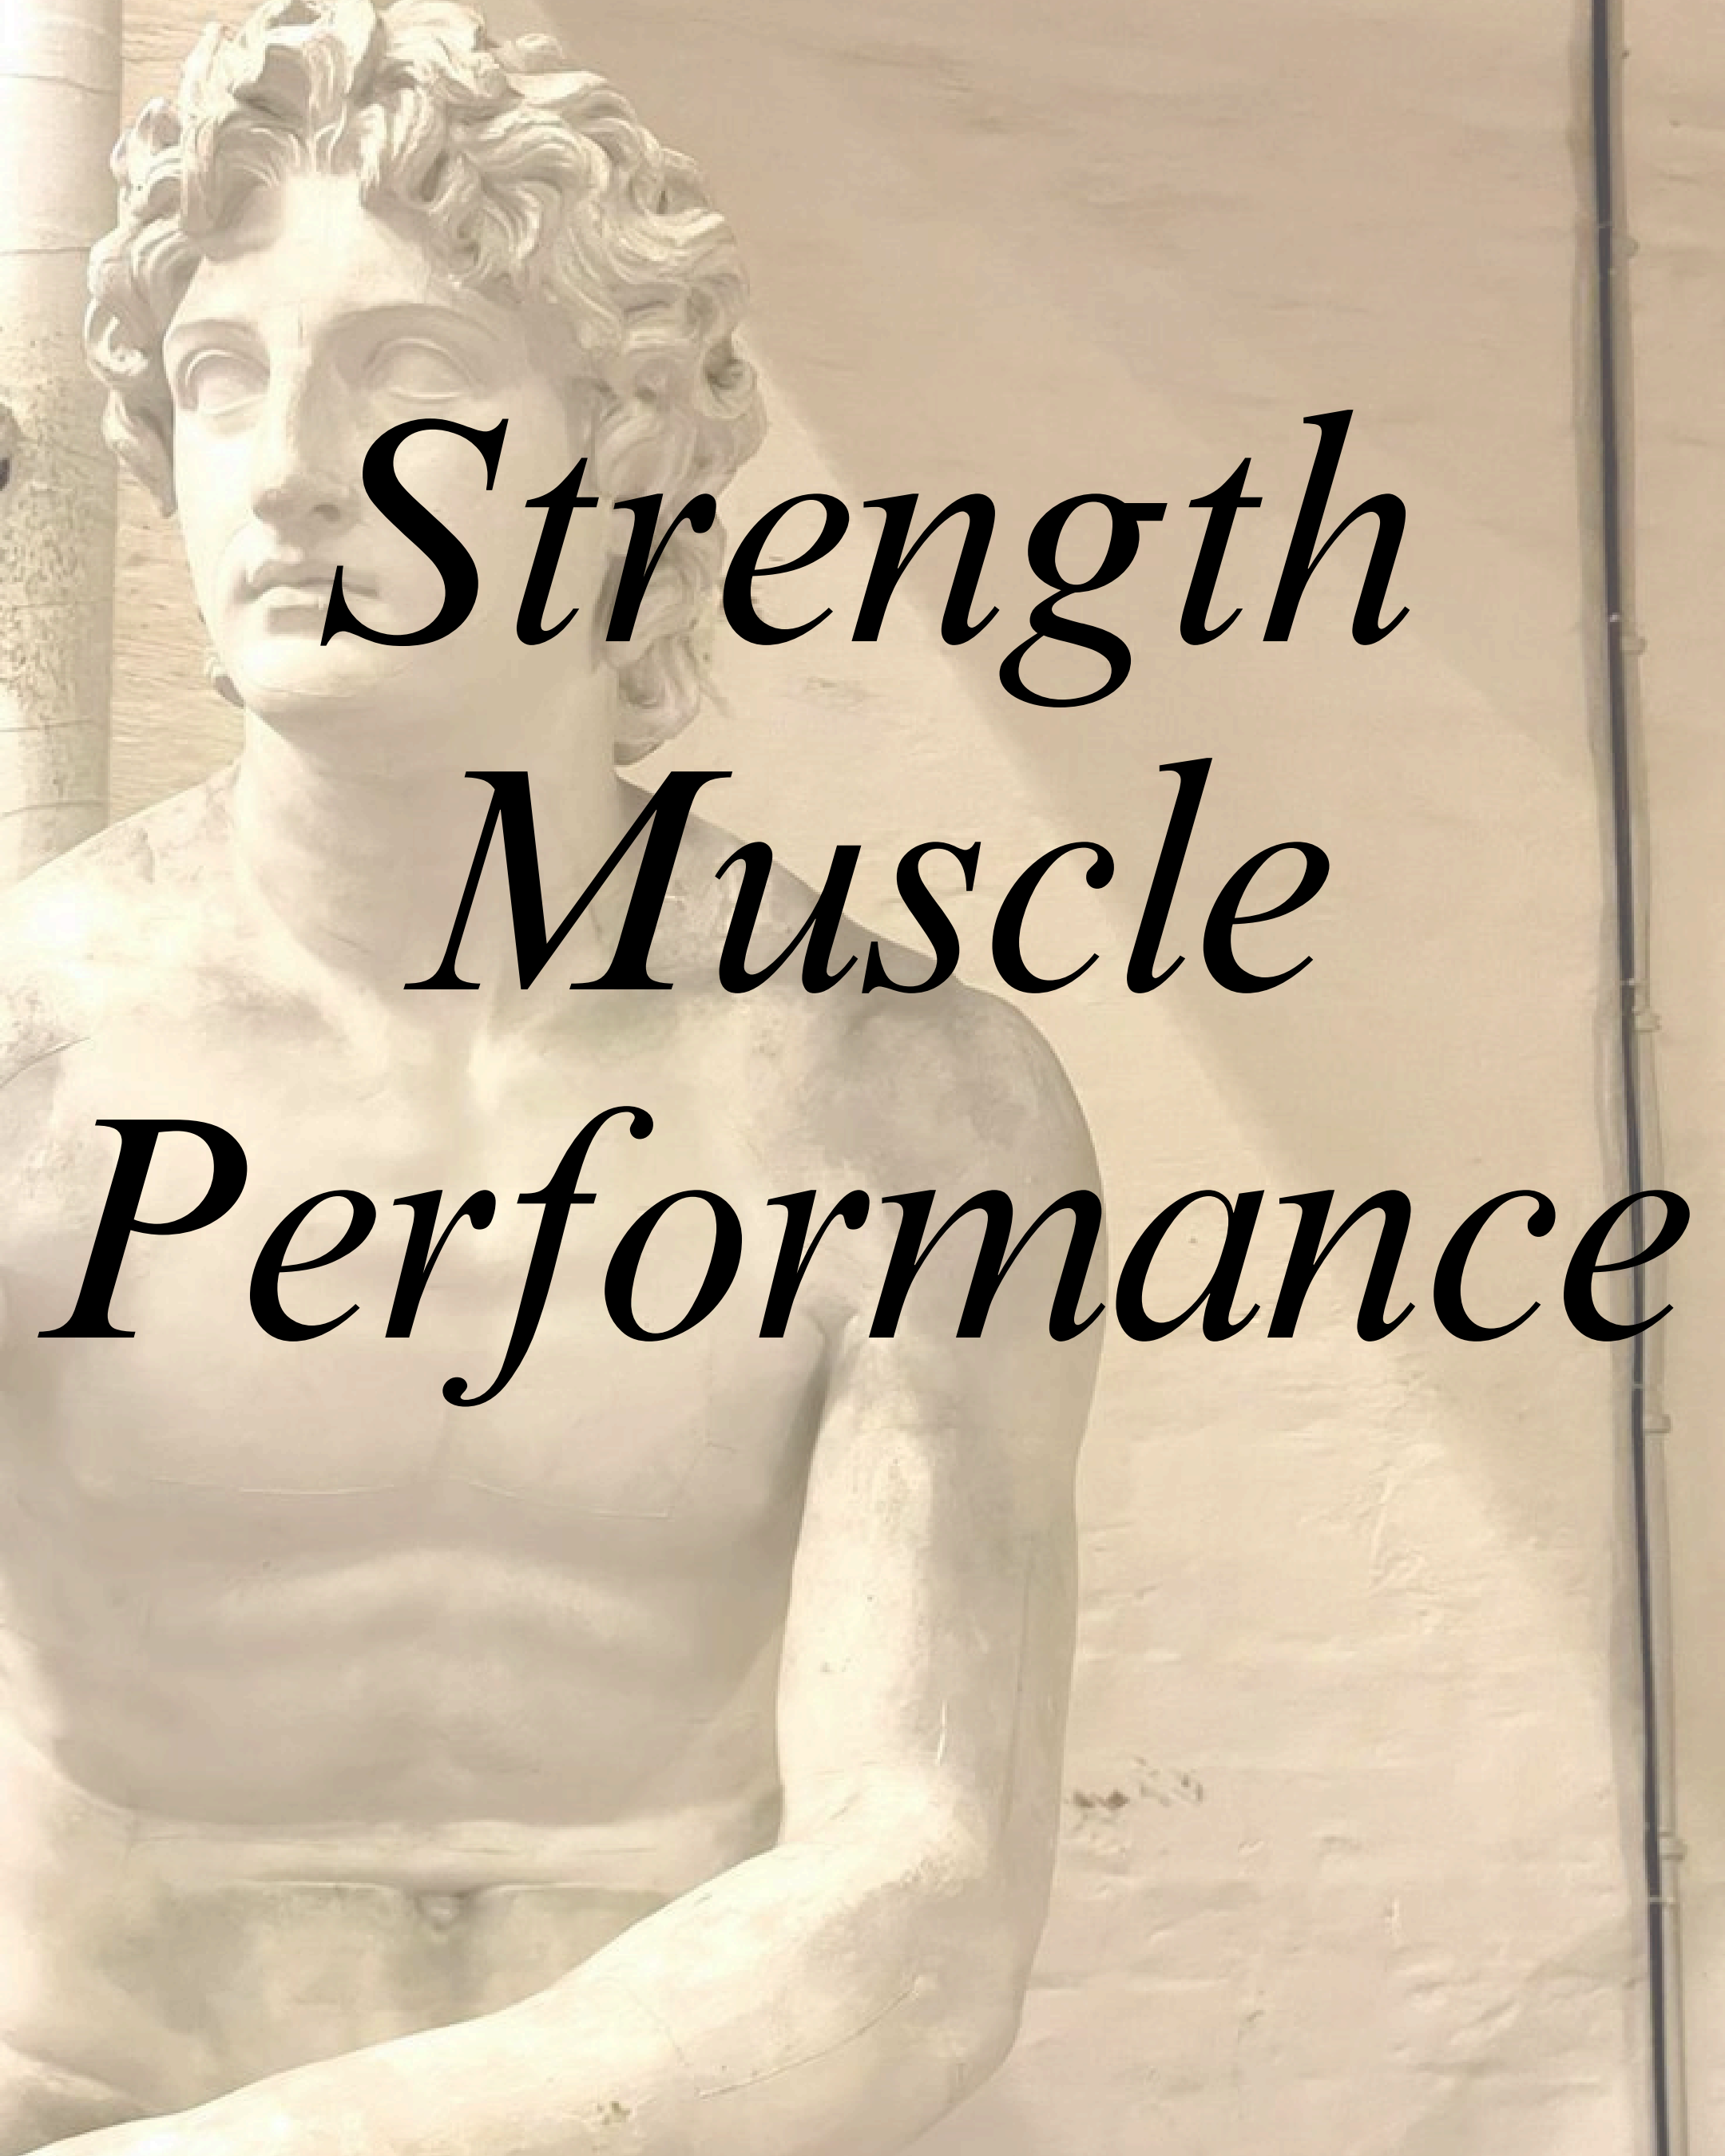

A blend for men's rejuvenation and maintenance blend to sustain lean definition, skin tone, and youth vitality. Increases collagen and elastin while supporting natural fat metaolism and lean muscle tone. Improves recovery, energy, and sleep quality. Enhances overall vitality and longevity.

What's Inside?

GHK-Cu- 50 MG: Copper peptide that activates follicles, boosts collagen, and repairs scalp tissue. Stimulates elastin for firm and youthful skin.

Tesamorelin - 10 MG: Enhances natural GH → I GF-1 activity to reduce visceral fat and support cellular renewal.

Strength Muscle Performance

APEX©

Strength • Muscle • Performance

High-performers chasing lean muscle without the crash.

Anyone cutting fat while staying strong. Those bouncing back from injury, burnout, or hormone drop-off.

What's Inside?

Tesamorelin- 10 mg: Targeted visceral fat and boosts GH/IGF-1 naturally.

CJC-1295 + Ipamorelin - 6mg/12 mg: Amplifies growth hormone pulses for deeper recovery, lean muscle, and better sleep.

BPC-157- 10mg: Speeds tissue repair, soothes inflammation, and protects joints and gut.

Atlas©

Strength • Muscle • Performance

Designed for serious lifters, athletes, and physique rebuilders who demand maximum size, strength, and power. Triggers powerful, multi-pathway muscle hypertrophy. Enhances protein synthesis, nutrient absorbtion, and tissue repair. Accelerates post-training recovery and reduces inflammation. Keeps fat low while building mass.

What's Inside?

CJC-1295 (DAC) - 6mg : Long-acting GH secretagogue that primes the pituitary and fuels sustained anabolic signaling.

Ipamorelin - 12 mg: Fast-acting GH pulse amplifier - zero spike in cortisol or prolactin.

Tesamorelin - 10mg: Visceral fat slayer with potent GH and metabolic effects - keeps mass clean.

I GF-1 LR3 - 1mg: Extends the anabolic window and drives direct muscle fiber growth via satellite cell activation.

Womens

Wellness

Empress©

Women's Wellness

Empress is a precision peptide blend created for women navigating menopause with strength, clairty, and control. It targets fatigue, bloating, hormone crashes, thinning hair, and helps you feel powerful in your own skin again.

BPC-157- 1o mg:
Accelerates repair in joints, muscles, gut, and connective tissue.

GHK-Cu- 50 mg:
Copper peptide that revitalizes skin, hair, collegan, and mitochondria.

Epitalon- 10 mg:
Supports deep sleep, telomere health, and biological longevity.

Hyperion©

Longevity • Repair • Anti-Aging

A high-performance metabolic and vitality blend designed to amplify natural growth-hormone output, enhance recovery, and accelerate body recomposition. Supports muscle repair, recovery, and strength. Enhance clarity and daytime energy. For both men and women seeking balanced maintenance or physique.

What's Inside?

Tesamoreline - 10mg: Stimulates deep sustained GH → I GF-1 release for fat metabolism, muscle preservation, and cellular repair.

Ipamorelin - 10mg: Triggers clean GH pulses that promote recovery, energy, and lean muscle tone without cortisol elevation.

Hair Healing Recovery

Samson & Delilah©

Hair • Healing • Recovery

A cellular revival system designed to restore what time and stress take away. This blend awakewns dormant follicles and restarts natural growth cycles. It extends the anagen phase for fuller, stronger hair. Revitailizing scalp health. For both men and women, repairing tissue, collagen, and cellular structure at follicular level.

What's Inside?

GHK-Cu- 50 MG: Copper peptide that activates follicles, boosts collagen, and repairs scalp tissue.

CJC- 1295- 6mg: Growth hormone stimulator for regeneration and cellular repair.

Ipamoreline- 12mg: GH secretagogue that enhances recovery and nutrient delivery.

TB-500- 10mg: Healing peptide that I mproves blood flow and tissue renewal.

Välkyr©

Hair • Healing • Recovery

Speeds recovery from injury or surgery. Reduces joint pain, swelling, and inflammation. Boosts tissue, tendon, and muscle repair. Supports flexibility mobility and structural integrity

What's Inside?

BPC-157- 10mg: Repairs the gut lining to ease bloating, soothe digestive stress, and reduce the low-grade inflammation that throws everything off during menopause.

GHK-Cu- 50 mg: Copper peptide that revitalizes skin, hair, collegan, and mitochondria.
